IMPORTANT NOTICE – WATER RESTRICTIONS UPDATE

July 13, 2026

Kingsland has been very fortunate to continue to receive rainfall keeping the area lakes in good supply for this time of year. As the summer heat sets in we want to remind everyone that outdoor watering is only allowed on specific days and times. This is a part of our contract with LCRA to be able to treat water out of the Highland Lakes for our customers. At this time KWSC customers can water twice per week on the following schedule:

Irrigate outdoors using automatic or manual irrigation systems or hose-end sprinklers no more than **TWICE per week** for up to **15 hours** total for the week and **ONLY** during scheduled days and times as indicated below:

Residential

Odd number addresses: Wednesdays and Sundays

Even number addresses: Tuesdays and Saturdays

Businesses (including large landscapes such as HOA common areas and public schools, churches, apartments, duplexes and multifamily dwellings)

Mondays and Fridays

Watering Hours

Midnight to 10 a.m. and 7 p.m. to midnight

The use of sprinklers for outdoor water is **NOT ALLOWED** between 10:00 AM and 7:00 PM.

Sprinklers should be adjusted so that there is no run-off from the watered area. Any vehicle, pressure washing or other outdoor water use should be in such a manner as to not create any run-off. All known leaks must be repaired immediately to avoid water waste.

If there are any questions call our Filemon Garza, Conservation Manager at our office.

Leonard Leinfelder
General Manager
